

Results By The Numbers and by the Pictures

2021 Independent 3rd party consumer study showed dramatic, statistically significant, results.

- ✓ Noticeable **reduction in shedding at 2 months** for majority of users.
- ✓ **HMI (hair mass index** measurement used by trichologists for scalp coverage) improved at 4, 6 and 9 months, to an average **310% increase** in thinning areas of the scalp, **420% increase** in thick areas
- ✓ **Hair Count improved by, on average 260%** in 9 months.
- ✓ **Hair Width** in thinning areas **improved by, on average, 150%** in 9 months.
- ✓ Users reported more manageable, **fuller feeling hair within 3 months**.

38 participants; 22 female ages 25-55; 16 male ages 30 - 50

How and Why it Works

Effective for most men and women. Here's why:

Four different mechanisms of action:

1. improved microvascularization (blood flow to scalp)
2. vital nutrients for follicles
3. reduces negative effect of DHT with no side effects
4. protects from environmental stress

Works for all hair types.

High compliance is key: it's easy to use: 1 capsule in a.m., 1 in p.m.

Trusted: it's safe and manufactured in the USA in an FDA registered facility operating under GMP certification.

Users Speak Up

"With Phyllotex my hair stays in my head!"

"I've tried everything and nothing has worked for me like Phyllotex does. I feel glamorous!"

"What I love about Phyllotex is that it works."

"My hair is finally growing longer - it's stronger, and thicker so it doesn't break."

The Phyllotex logo is in the top left corner of the section. The background is a dark blue with a pattern of glowing hexagons and lines, resembling a molecular or network structure.

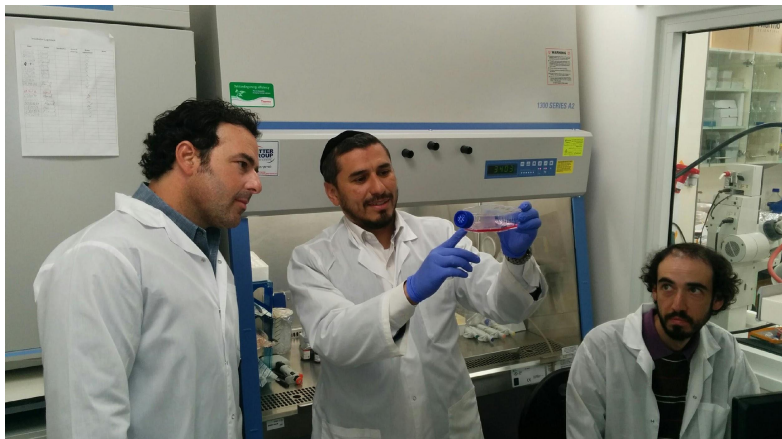

Before

After

"After just 3 months on Phyllotex, my hairdresser noticed the difference, and after 6 months I was ready for a whole new hairstyle".

Top Science and Medical Team

Chief Scientist/Inventor: Dr. Yehoshua Maor, PhD

- PhD in Medicinal Chemistry & Pharmacology from Hebrew University.
- Postdoctoral Research Fellow of Experimental Medicine at Harvard School of Medicine - Beth Israel Deaconess Medical Center.
- Expertise includes medicinal, organic and analytical chemistry, cannabinoids, pharmacology, toxicology and environmental health.

Advisor: Dr. Marc Dauer, M.D.

- Leading hair transplant /restoration surgeon Beverly Hills.
- Diplomate American Board of Hair Restoration Surgery,
- Diplomate of the National Board Of Medical Examiners,
- Active member of International Society of Hair Restoration Surgery.
